(1) Any possible or definite indication of type of electronic equipment produced at this plant:

- (a) Antenna test positions on roof.
- (b) Antenna structures in yard
- (c) Truck or trailer vans, with antennas in park.

(2) Describe antenna, with dimensions.

(3) In particular, parabolic-dish or rectangular-lens antennas, for decimeter communications equipment, are of interest.

(4) If results are positive, please estimate size and floorspace of plant.

DECLASS REVIEW by NIMA/DOD

RR-G-P27-56

Producers of Soviet radio-relay equipment and of token or whiff radars have been reported in Leningrad. No plants have been confirmed to date. Note: Two additional requirements, for Min. Radio Industry Plants 616 and 619.
